“A good leader should focus on making sure everyone is being given the tools to do their job, not just expecting - poof! - that they're going to produce great work.”

-Anne Sweeney

Auger System w/hydraulic motor

(Standards Options)

Performance & Reliability: The Key To Excellence!

RMS Portable Concrete Silos are one of the most versatile on the job batch plants on the planet! The versatility of the plant allows you to take your equipment from very remote areas to the suburbs. The flexibility of the silo also allows you to get set up and ready for pouring in less than 10 minutes. Our computer system will allow you to store up to different recipes and can be controlled remotely by your phone or Ipad. Low maintenance with less moving parts is a contractor or municipalities dream and that what we have achieved! The silo will be one of your best investments which will, in a very short time, pay for itself and a return on investment and profit. Manufacturing everything in our plant gives you the advantage of any custom items you may need. A wide variety of options can be added.

“We become what we behold. We shape our tools and then our tools shape us.”

- Marshall McLuhan

Technical Specifications

Weight - 750lbs (340kg)
Dimensions - 12'-8" L (386cm) X 3'-10" W (117cm) X 11'-0" H (335cm)
Single Bin - 1,000lbs (454kg)
Hydraulics Delivery - 1 Stage Pump direct drive from engine
Hydraulic Tank - 15 Gallon (57L) Steel Tank
Hydraulic Motors - Auger Rotation Drive (White US Components)
Fluid - AW32 10 Weight
Pump - Hydraulic, 1 1/4" line, 40 gpm (150L) max.
Output - 600-800 lbs (270-360kg) per min
Auger - 6" (15.2cm) 1/2 / 2/3 pitch, 12'-0" (366cm) length
Discharge Height - 9'-0" (274cm)

Options *(call for pricing)*

Gas Engine
Electric Motor
Diesel Engine
Load Scales w/digital reader
Power Pack
Fully Computer Automation

“Champions are champions not because they do anything extraordinary but because they do the ordinary things better than anyone else.”

- Chuck Noll

Right Manufacturing Systems(RMS) offers its expertise in portable cement mixers, portable batch plants, portable batch plant mixer combos, rock tumblers, and rock saws worldwide. RMS feels that what is most important to you is getting your concrete mixed right, so the job gets done right and under budget. You cannot afford to keep getting the wrong concrete mix, or waiting days and weeks. That is why we have named our mixers, batch plants, and silos “Mix Right”, because they are designed and built to mix, batch, and operate right every single time.

Our Presence is all over the World!

RMS has built and shipped machines worldwide to satisfy the need of customers, no matter where they are located. Some of our customers include: US Army, Hawaii/US Embassy, Sierra Leone/US Army, Iraq/Army Corps, USA/ Rainbow Corp, American Samoa/Central Meridian, Nauru/Los Islotes, Panama/SAIC, Wake Island/Akir, Ethiopia/Almeida, Brazil/Alnakhah, Oman/Al-Tameriah, Saudi Arabia/Salman, Baghdad/Apec Sarl, Morocco/APS, South Africa/Arjoon, Trinidad/Astrea Group, Qatar/Pacific Marine, USA/Disney, USA/Arrendadora, Mexico/Sanders, Netherlands/Alsamarai, United Kingdom/Country Side, Canada...and many, many more!

Why Are We Different?

Besides being reliable, affordable, easy to use, and made in the USA? RMS offers a line of portable batch plants/mixers that are designed for the rugged outside applications. From the middle of the jungle in Africa to the suburbs of New York City, RMS has been there and can build a machine that fits your need. For over 20 years RMS has been building its name and reputation on the quality of its product. We believe that quality and performance is the key to success and we have proven that time and time again. Not only do we pride ourselves in our service, quality, and design, we also pride ourselves in our people. As a small company we have the advantage and ability to engage the needs and wants of all our customers, affirming that the product will be quality made and built on time. We are constantly dedicated to cost-effectively building our products on time and with the assurance that our customers know that the quality will last a lifetime!
